

Minister takes notice of presence of irrelevant persons at patwar centres

By Our Staff Reporter

LAHORE: Provincial Revenue Minister Malik Muhammad Anwar Khan took strict notice of the presence of irrelevant persons at Patwar centers of Lahore and sought report from Deputy Commissioner Lahore. He also directed that legal action should be taken against those found responsible. PTI government is pursuing on its policy for adopting zero-tolerance against corrupt mafia and a state-of-the-art system is being introduced to fully eradicate the corrupt mafia.

Malik Anwar Khan said that the introduction of latest Land Record Information Management System will help in eliminating corruption.

We are fully determined to bring improvements in the revenue system with the help of latest technology, he concluded.

Huawei's latest smartphone up for pre-orders from today

LAHORE: Huawei's latest smartphone for the entry-level segment HUAWEI Y6s is up for pre-orders from today (Friday).

This time the company is introducing an exciting Double Deposit Offer where consumers can pre-order the device for PKR 800/- which equals to PKR 1,600/-. The smartphone carries a price tag of PKR 20,899/- thereby bringing the amazing Huawei features for everyone.

HUAWEI Y6s is enriched with many features that are not offered by other competitors in this particular category. The stylish design of this smart device empowers the customers to enjoy a world of infotainment and digital experiences on-the-go. It fulfills the need for additional storage with its 64GB memory, expandable to 512GB with an SD card. To top that off, it rises above the segment's standard of 2GB RAM by boasting a 3GB RAM allowing users to achieve more multi-tasking with less lag.

The HUAWEI Y6s is the latest, most affordable addition to Huawei's ultra-popular Y series. It not only promises a great performance, but also brings the reliability of Huawei that people have come to admire so much. It mixes together the evolving needs of diverse consumer-segments through unmatched innovation and an affordable price tag. Powered by a 2.3GHz Octa-core processor, paired with EMUI 9.1, this phone allows users to navigate its various functions with simple gestures.

In the photography department, a 13MP rear camera with an f/1.8 aperture takes stellar images, even in a dark environment. While the 8MP front camera with an ambient light-sensor and proximity-sensor takes spectacular selfies. Its 6.09 inch DewDrop display provides a more immersive viewing experience with a maximized bezel-less screen.

The vivid HD feature is also enhanced by a TÜV Rheinland certified, Eye-Comfort Mode, to ease extended usage. The phone also boasts a Fingerprint Sensor to ensure complete security of data. The smartphone will also be a hot choice for music lovers as it features. —PR

They said that in majority of the cases, head injuries to motorcyclists results in death. They stressed that motorcyclists must wear helmet to save themselves from fatalities on roads. —PR

LAHORE: German delegation leader Dr. Pantelis Christian Poetis presents gift to Punjab Governor Chaudhry Mohammad Sarwar.

Entire India now in flames due to controversial Citizenship Act: Governor

—Says Pakistan Armed Forces know better to defend every inch of motherland

By Our Staff Reporter

LAHORE: Terming Narendra Modi's reproaches against Pakistan as shameful, Punjab Governor Chaudhry Mohammad Sarwar has said that if India wants to wage a war then we are fully ready to reciprocate in a befitting manner.

Pakistan Armed Forces know better to defend every inch of motherland while 220 million Pakistanis are standing with Pakistan Army and prior to engaging in any war with Pakistan, India must recall Pakistan's befitting response on February 27, 1999.

Pakistan under the leadership of Prime Minister Imran is talking of peace but India must not deem our peace desire as a weakness.

He was talking to Provincial Forests Minister Sibtain Khan, Haji Muhammad Ramzan and others here at Governor House. Punjab Governor Chaudhry Mohammad Sarwar said that if India wants to wage a war against Pakistan then Pakistan is fully ready to batter it. Pakistan retains

world's best Army which is fully capable of defeating the enemy any time and on every front.

Governor Punjab said that entire India is now in flames due to controversial Citizenship Act and Narendra Modi is being exposed to the world community that is why Modi is resorting to shameful criticism against Pakistan in a bid to divert world's attention from the situation inside India but he would never succeed on his agenda.

He said that Modi's attitude has become a greater threat to regional peace and stability, and the global community is now realizing that anti-democratic ideology of Narendra Modi grasped India. Today, Narendra Modi and his government from all aspects has become biggest danger for peace.

Governor said that under the leadership of Prime Minister Imran Khan, Pakistan is stood firm with Kashmiris and Indian Muslims, and we will expose the terrorist and extremist face of India to the world at every forum. Later, Punjab Governor

Chaudhry Mohammad Sarwar met with a German delegation headed by Dr Panteras Christian and discussed with them the bilateral relations between the two countries and other matters.

While, Flo pool offers monthly subscription for daily pick and drop to people traveling for work or education. Available vehicle formats include AC mini-vans, cars and rickshaws at the moment. Since its pilot launch in October 2019, thousands of daily trips are now completed on Flo. Flo is currently operating in Lahore and plans to expand operations in other metropolises such as Faisalabad, Islamabad, and Karachi. —PR

Massive increase in population major issue of Pakistan: Dogar

—Urges Health Department cooperation to manage population

By Our Staff Reporter

LAHORE: Provincial Minister for Population Welfare Col (retired) Hashim Dogar has said that massive increase in the population is the major issue faced by Pakistan. Fortunately, present government of Pakistan especially Punjab government both have focussed their attention towards this intensive challenge. He was addressing an introductory meeting of the project mutually launched by Department of Health and Population Welfare (DoH and PWD) to strengthen public sector health and family planning facilities.

The minister uttered that decades had been wasted whilst feeling ashamed of talking about family planning and reproductive health.

Now, it's time to address this issue individually and collectively. Let's talk about contraception and maternal matters, he added.

The main objectives of the family planning programme include the integration of family planning services into routine health services.

The project will train healthcare providers to deliver effective family planning services including screening, client-centred counselling and referrals and ensure the provision of quality postpartum and post-abortion services by

strengthening the skills and knowledge of healthcare providers.

DAFPAK-PSSD will also facilitate in result-based management to improve monitoring and reporting for evidence-based decision making and planning.

The launching ceremony was also attended by department secretaries, director generals and senior technical staff of departments of health and population welfare.

Representation by development practitioners included UNFPA, UNICEF, consortium partners, DAFPAK partners and other relevant stakeholders.

Young students urged to learn about vision of technology

By Our Staff Reporter

LAHORE: The Office of University Advancement and Financial Aid (OUAFA) of the University of Veterinary and Animal Sciences (UVAS) Lahore organised a one-day job fair here in the City Campus Lahore on Thursday.

Chief Executive Officer (CEO) Maxim International Faisal Fared along with UVAS Vice-Chancellor Emeritus Prof Dr Nasim Ahmad inaugurated the job fair 2020 while Director (OUAFA) Dr Muhammad Hayat Jaspal and a large number of industry representatives, UVAS faculty members and students were present.

While addressing the audience in the inauguration ceremony, Faisal Fared emphasized young students to learn about the vision of technology because

in the modern era many of latest software are used for diseases diagnosis. He urged students without learning of latest technologies you will not be able to progress in your concerning fields. He advised students if you want to excel in your field in private sector so it is direly needed to focus on learning new skills. By using your knowledge and skills, working with full of dedication in prac-

tical life you would be successful and achieved the goal of life he added.

Speaking on the occasion, VC Prof Dr Nasim Ahmad shared about UVAS working relationship with livestock, poultry and dairy industries to solving their issues by utilizing their trained human resource, knowledge and skills. He said it is direly needed to enhance potential in students to fulfill the requirement of industry.
